## **smartbone**® - *COMMUNICATION TO CUSTOMERS*

Dearest Customer,

IBI is pleased to inform You that we've been working to change the primary packaging of SmartBone® Microchips and Granules.

We are indeed pleased to announce that SmartBone® will be packaged in glass vial (as shown in the sample image below), instead of plastic vial. Each vial will be sealed in a sterile blister, hence allowing the vial itself to be sterile also in it's outer shell. These changes were studied and made in order to offer a better and safer usability of our products.

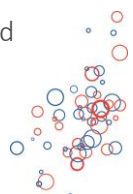

For all next orders of SmartBone® Microchips and Granules, IBI will inform You whether we will deliver our products packaged in plastic or in glass vials.

Industrie Biomediche Insubri SA - Via Cantonale 67, CH-6805 Mezzovico-Vira - Switzerland

1 / 2

In addition to the new internal packaging, also SmartBone® Microchips and Granules codes are changing, as all products will be sold in grams instead of cc.

For sake of easiness, a conversion table is hereunder reported.

New SmartBone® Microchips and Granules codes

<i>CODE</i>	<i>DESCRIPTION</i>	<i>SIZE</i>	<i>Q.TY</i>
SMG251025	SmartBone Microchips	0.25 - 1 mm	0.25 g
SMG251005	SmartBone Microchips	0.25 - 1 mm	0.5 g
SMG251010	SmartBone Microchips	0.25 - 1 mm	1 g
SMG251020	SmartBone Microchips	0.25 - 1 mm	2 g
SMG102005	SmartBone Microchips	1 - 2 mm	0.5 g
SMG102010	SmartBone Microchips	1 - 2 mm	1 g
SMG102020	SmartBone Microchips	1 - 2 mm	2 g
